1. EXECUTIVE SUMMARY

1.1 INTRODUCTION

The college is decided to continue student improvement in its awareness as part of various diversity to sustainability & social responsibility of the campus. Institution that in pursuing the vision & mission of the college, there is a need to protect the college's immediate environment, therefore utmost care & attention is given to all our activities to ensure sustainable use of various available resources, discouraging wasteful practices, minimising pollution & re- using waste material for 21th century for benefit of individual & society at large world.

Our campus students are not only oriented during the various induction programme on the endeavours towards sustainable living, but also throughout the course work the concept of sustainable development & living is integrated into all the course activities. Students through the various social activities are also involved in the decision making process so that social practices can evolve reflection emerging needs of the college environmental protection. Our campus college also regarding "Plastic Free Campus" from time to time, a green environment is in practice to streamline the ways of energy conservation. In its attempt to design & establish a fundamentally institutional commitment with responsibility towards environment, the college had been initiated simple yet workable solutions like i.e. replacing electric wires & switches, using LED bulbs, mapping electricity switches, Aqua, CCTV Camera etc. Student also motivated SWOT analysis concept for future life era.

Our college fully tribal area and naturally environmetn. Teacher educator college train the teacher pupil who help village area. Vision always display Come for Knowledge Go for Service and Mission To prepare competent and committed teachers who transform Society, Social Service and make the better world.

Vision

Come for Knowledge Go for Service

The tribal college vision reflected the good student teacher for socity.

Mission

To prepare competent and committed teachers who transform Society, Social Service and make the better world.

1.2 Strength, Weakness, Opportunity and Challenges(SWOC)

Institutional Strength

Strength is an institutional advantage which positively contributes to the college in attaining its objectives.

1 College is an Educational institution with natural tribal area which is good environment teaching learning process. The tribal cultural significance of the institution is emphatically felt in the social life for social service.

2 Faculty Out of the highly qualified teacher, three professor has Ph. D holder and there good research paper. There for qualified NET or SET and M. Phil Also which helpful student teacher.

3 Transparency The administration of the college is highly transparent and UG admission and invariably follows government rules and every decision making is under the purview of RTI Act.

4 Examinations and Evaluation system in the college keeps good and standards of integrity and the examination procedure.

5 The library of the college is one of the pillar of remote area student. Books, journals and magazines are available there.

6 Infrastructure the College possesses a good.

7 Inclusiveness and Diversity Students and staff come from all communities and areas that are socially, economically or culturally backward.

Institutional Weakness

1. CANTEEN

Canteen facility needs to be improved. A separate kitchen is required for maintenance of proper hygiene.

1. INFRASTRUCTURE

As per the increasing strength of students more classrooms and laboratories are required.

1. INCUBATION AND PLACEMENT CELL

Although there is a placement cell in the college but improvement for proper functioning is required.

1. DIFFICULTY IN TRACKING ALUMINI

There is a difficulty to track all the alumnae of the college.

Institutional Opportunity

1. Location Situated centrally in the natural place in Maharashtra.
- 2 Placement cell the process could be simplified by the presence of an Incubation Cell.
3. Tribal area student teacher gives well training to create awareness in culture 4. The college has ample opportunities to introduce need- based courses which generate employability.
5. Tribal area student teacher gives bus facilities
6. Physically handicapped student available lift facility
7. Government various scholarship scheme
8. Various internship activity

Institutional Challenge

The factors which make implementation of various processes difficult in the tribal college are classified under challenges.

1. Infrastructure Augmentation the College has more than basic infrastructural facilities. However, there is much more room for updating and adding to the existing infrastructure, especially in the Computer Lab.
2. The college planning in future organize seminar, national level conference, international level conference, teacher educator related workshop, NEP programme.
3. Teacher educator facility and opportunity which decide tomorrow future like training programme.
4. Teacher educator counselling programme

1.3 CRITERIA WISE SUMMARY

Curricular Aspects

The syllabus established the Savitribai Phule Pune University which necessary student teacher. Its

professional courses that may content and curriculum diversity of the various branches. College also the Provide more facility that is curriculum and extra- co-curriculum. Mostly students comes in remote area so, gives and interaction bilingualism language and multilingualism language for training period.

The following aspects deserve mention:

- Strict adherence to the Academic Calendar
- Student teacher enrolled the various college co-curriculum activity.
- Implementation of the Reservations Policy and provision of scholarships for Socio-economically weaker students.
- SC/ST Scholarship for GOI

Institution ensures an effective curriculum, well-planned, documented for B.Ed, revised every three years in alignment with the national curriculum reforms integrating the recent educational trends and development. The recommendations and suggestions of IQAC, statutory boards, universities are taken into consideration with 10-20% deviation from affiliating university with quality inputs paving the path for students to appear for competitive examinations.

Students have experiential learning with practical sessions including activity based learning: webinars, seminars, field engagement, interactive classrooms, peer teaching, internship, co-curricular activities to develop teaching competencies.

Sources for Curriculum Change: Feedback from stakeholders. Current trends in the field of teacher education, state and national, international directives Requirements of various boards (CBSE, ICSE, SSC) Suggestions from the reports of Annual Status of Education Report (ASER), newspapers, McKinsey's document on education Empirical research in various disciplines Faculty Development Programmes Field studies, visits to universities

Steps include: Faculty members prepare syllabus for respective courses Revised curriculum is put forward to the members of the Statutory Bodies for review, suggestions and approval before the new curriculum is transacted. Ensure effective curriculum delivery through systematic, strategic, transparent processes, the almanac acts. International standards in both academics and assessment are reviewed, debated, standardized to local context, to Indian classrooms with respect to academic standards, instructional designs, credit based evaluation. Scope emphasising on value sensitization, environmental issues and women empowerment.

Teaching-learning and Evaluation

College of Education Abhona where substantial number of students are from ST category from remote area and socially weaker sections of society, more emphasis is placed on teaching than is common in other city college. Students who studied in a regional language for easy environment. Basically college campus in PESA Schedule area than the language also suitable student mental ability in course of curriculum.

Teachers combine traditional teaching methods with their own language. Faculty prepare annual plans and also maintain a weekly of what was actually transacted in the classroom. The Internal Quality Assurance Cell conducts quality audit and conducts programmes for improving the quality of teaching. ICT is used for PPT and Excel, word work in College time. The Evaluation process is transparent. Students are evaluated in a continuous assessment system, comprising written examinations, class seminars, and assignments. The final

marks are scrutinized by a committee before passing the results.

Working in Teams:

UG and PG students are grouped under the supervision of mentors with 13-15 students to cope with academic and professional growth. They are encouraged and guided to participate scholastic & co-scholastic events.

Projects:

Continual mentoring is provided by mentors for successful completion of projects, to work in teams according to the interest and develop awareness about social issues. Projects are assessed as per the rubrics by the jury during showcasing session and encouraged to reflect on learning experiences gained.

Activities:

Activities are monitored by the concerned mentors and in-charge lectures with learning experience, expressed in their portfolio project for professional growth.

Infrastructure and Learning Resources

In Future regarding new technology this college has taken following key core areas to sustain & manage energy consumption, regulation & conserve natural environment in the campus by implementing structures awareness programmes of university. The energy consumption models such as natural lighting in Classroom, 100% Power Backup, LED Light fixtures, Effective Peak load management, maintaining air conditioning & water coolers on optimum temperature setting, Recycle, Re-use system. Maintenance of equipment to ensure sustainable longevity. This college organizes hands- on training to faculty, non- teaching staff & students for facilitating energy saving practices.

Library Automation:

The total area of the library is 40*25=1000 sq. ft. with the seating capacity of 50. The working hours of the library are 10.00 AM to 05.00 PM on all working days, before and during examination, during vacation except Sundays and gazette holidays.

Library is fully automated and installed Master Soft ERP Library Software for smooth working of library that includes accessioning, issue return, OPAC, data generation, stock verification. OPAC (Online Public Access Catalogue) facility is made available through Library Management Software to search the bibliographical details about the collections. OPAC computerized system is provided to the students, which facilitates them to have a glance at the number of books available, number of issued books, new books added to the list which helps them to issue the correct book when required. In addition, reprographic facilities like scanning, printing and photocopying are available in the library. The reading room is well furnished and provides conducive environment for study to the students. Before availing the library facilities, the faculty and students needs to sign in the register at the entrance. Security of resources is ensured through a system of checking at the exit point for all resources borrowed by the users. CCTV cameras are also fixed in the library for strict surveillance.

Student Support and Progression

Student support scholarship and EWS scheme for backward class. student teacher guidance and caouncling . The college of education has a well constituted student council that meets formally and informally. Student council is the voice of the student body.The purpose of the student council is to give students an opportunity to develop leadership by organizing and carrying out responsible activities. The members of the Student Quality Council (SQC) are selected with a democratic approach by giving equal opportunities to B.Ed. It includes college representative, Office bearers from subject methodologies such as Self Study Report of ST College of education Abhona, Mathematics, Physical Sciences, Biological Sciences, Social Sciences, English and Telugu. The members assists their peers in sharing their thoughts, interests, and all the concerns during the course which in turn develops leadership qualities, organizational behavior, event planning and make them more responsible and proactive in reorganizing and managing both academic and co-circular activities in the college such as, SQC requests for spacing dates for different projects, seminars, submission of assignments and also to issue question papers in exam hall 10 minutes before exam commences and so on.

The Chairperson (Principal) calls for regular meetings with student council to discuss about various academic programs and other activities of the college thus decentralizing the power of decision making to them following discipline, decorum and protocol. The representatives in the SQC voice their problems and suggestions of all students during their meet with the principal to resolve any conflicts.

The function of the student council is based upon Institutional guidelines.Student councils participate, organize and manage various academic and co-curricular activities in the college. Student council discusses all curricular related issues and concerns; they are considered for rescheduling the dates of assignments, seminars etc. Feedback from SQC is valued for a better functioning.

Members of the Student Council serve as a bridge between the students and the administration. Not only do they ensure that the grievances of student population reaches the authorities, but also act as the students' representatives in the process of making important decisions.

The Students' Council also assists clubs/ members as well as in-charge faculty in conducting and organizing various co-curricular and extra-curricular activities or events such as dance, Music, General Knowledge, Essay writing, Debate, Drawing/ Painting Bulletin Board etc.In addition to organizing events that contribute to the institution's spirit and community welfare it takes an initiative to arrange various events of college such as picnics, field trips, organizes national and international days of significance and through these they develop responsibility and leadership.They take initiatives to organize events, exhibitions, seminars , webinars, conferences, canteens and club activites

Governance, Leadership and Management

A culture of participatory management is practiced at all levels. Both the top down and bottom-up approaches are used to effectively implement policies. Teaching-learning, and evaluation process as well as in general administration. Student representatives play a role in managing the departmental societies. Further,

faculty members managing several auxiliary units such as library, laboratories and various activity. College also celebrate various ceremony in Indian leaders.

Institutional Values and Best Practices

- A qualitative difference in the academic performance and instilled self-confidence among students teacher. Each faculty member monitors the academic progress of a group of students and guides them to shape their professional career besides dealing with personal issues.
- Maintaining a weekly log of how the lesson plans have been transacted in the classroom.
- Various committees have been constituted to address different issues in the college and university including exam reforms, security, anti-ragging, sexual harassment, hygiene and sanitation to name a few.
- College create awareness various activity i.e. Internship, Birth ceremony, functions, Environment day.

The college is decided to continue student improvement in its awareness as part of various diversity to sustainability & social responsibility of the campus. Institution that in pursuing the vision & mission of the college, there is a need to protect the college's immediate environment, therefore utmost care & attention is given to all our activities to ensure sustainable use of various available resources, discouraging wasteful practices, minimising pollution & re- using waste material for 21th century for benefit of individual & society at large world.

Our campus students are not only oriented during the various induction programme on the endeavours towards sustainable living, but also throughout the course work the concept of sustainable development & living is integrated into all the course activities. Students through the various social activities are also involved in the decision making process so that social practices can evolve reflection emerging needs of the college environmental protection. Our campus college also regarding "Plastic Free Campus" from time to time, a green environment is in practice to streamline the ways of energy conservation. In its attempt to design & establish a fundamentally institutional commitment with responsibility towards environment, the college had been initiated simple yet workable solutions like i.e. replacing electric wires & switches, using LED bulbs, mapping electricity switches, Aqua, CCTV Camera etc. Student also motivated SWOT analysis concept for future life era.

Research and Outreach Activities

Research can be improved the teacher various aspect of the knowledge building in 21th century. Our college faculty member and student participant in various seminar, conference, workshop, orientation course, refresher course and FDP course also. Student teacher participant online curriculum activity.

1.3 Curriculum Enrichment

1.3.1 Curriculum of the Institutions provides opportunities for the students to acquire and demonstrate knowledge, skills, values and attitudes related to various learning areas

Response:

The curriculum of this institution offered for the B.Ed.programmes provides opportunities to acquire knowledge and skills of a world-wide teacher curriculum to include the core areas of teacher behavioural components and skills so that the learning areas are focussed towards the attitude formation of a global curriculum.

Knowledge: The knowledge domain emphasizing on acquisition, integration, construction, analysis, synthesis and application are provided through classroom transaction, seminars/webinars, workshops, discussions, debates, projects, assignments which directs towards processing critical thinking, analytical thinking, reflective thinking, and effective reasoning to develop cognitive- psychomotor abilities. Learning through multidisciplinary integrated approach for a universal perspective of acquisition of knowledge. Students are provided conceptual knowledge and application to create representative models and simulation scenarios. Students are ignited with scientific and literary temper to integrate 21st century skills for different levels of school education –primary, elementary and high school levels. Procedural knowledge for different levels of school education skills are included in the pedagogical methodologies that are specific to ones chosen specialization. Core subjects and methodologies are taught using the demonstration approach, wherein students are introduced to generic teacher education concepts and then it is manifested at different levels of school education. A flexible teaching approach that embraces the use of constructivist school of thoughts. For example, the internship is bifurcated into observation phase and on – the –job teaching. During the observation phase student teachers are required to observe master teachers to internalize the fundamentals of teaching skills and capability practiced during classroom transaction, capability to infer from what one has learnt and apply the acquired competencies to classroom transaction. In students are assigned to the primary level and the lesson plans reflect on preparation for that specific level. In Semester II students are assigned to the elementary level and work produced for successful completion of this phase is reflected in their output. In Semesters III and IV students are exposed to high school level to reinforce school education skills specific to their chosen specialization. The knowledge, skills and attitudes are being manifested through the community studies project undertaken during the course. Students are provided the theoretical knowledge and the conceptual application of this knowledge that is transacted in the laboratories

convened for each course. Students are asked to create representative models (2D and 3D) and simulation scenarios to demonstrate their understanding of the concepts through application. Students extrapolate from what they have learnt and apply the acquired competencies to new situations. For instance in the area of environmental sciences, the concept of environment is being taught from both teacher and student point of view. The word 'environment' in traditional thinking conjures the earth, the weather, the atmosphere, the climate etc, but after the introduction of the concept of emotional intelligence and why it matters more than IQ, the concept of environment has taken a new dimension to mean mental well-being and personal space.

Skills :

Skills such as Emotional Intelligence, Critical Thinking, Negotiation and Communication Skills, inter personal skills, ICT ,Collaboration with others etc. are introduced in the theory, practical and projects in all courses. Through the add-on courses and the Enhancing Professional Competencies EPC courses, students are exposed to the application of these concepts and use it in the classrooms. For e.g. in Drama and Art students choose concepts from the school content to write scripts and enact them with themes that reflect the significance of various skills and competencies in teacher education. Activities both individual and group (academic and co-scholastic) like writing articles for college magazine, graffiti art work in classrooms, poster making, competitions, debates, discussions, essay writing, activities of various clubs and committees, dance and music are all built in modalities that fine tune student teachers skills, competencies for scientific and literary temper to integrate the 21st century skills.

Values:

Some areas in the syllabi were designed in such a manner to instill values in the students, a sense of worthiness towards the teaching profession and valuing their decisions to take up the course. At the Undergraduate level, an interdisciplinary approach is implemented in the subject 'Reading and Reflecting Texts' wherein students read the passage, reflect upon it and analyse by using the critical reading strategy thereby reading between lines. In this manner student teachers are able to develop language skills as well as critical thinking skills, reflective and problem-solving skills.

Attitudes: Input sessions, competitions such as academic, intellectual and co – scholastic areas are provided to give them opportunities to participate and to develop in the students' knowledge, attitudes, values, skills of team spirit, leadership and communication skills, for holistic development. Portfolio project gives students a reflection of their previous semester's performances both in curricular and co-curricular areas for betterment of the same in the semesters that follow and also is an indicator of their growth chart and attitudinal changes over a period of time. Guided by mentors/in charges – students learn the technicalities and skills in presentations. A right attitude towards the course is planned by their respective mentors. The reflective journal throws light on the progress of their reflections during their two year programme imbibing the right attitudes and demonstrating it. Group projects strengthen the skills of collaboration, negotiation and communication in designing instructional plans, analysing curriculum, teaching in peer groups, innovative approaches, etc.

1.3.2 Institution familiarizes students with the diversities in school system in India as well as in an international and comparative perspective.

Response:

Development of School System The curriculum cover the theoretical aspects exhaustively. The programme's gives a broad perspective of various boards such as, Indian School Certificate (ISC), Secondary School Certificate (SSC), Central Board of Secondary Education (CBSE). Functioning of Various Boards of School Education The educational thoughts of both Western and Indian thinkers are incorporated in the syllabus familiarizing the students in epistemological bases of curriculum of the school system. Preparation of lesson plans differs from board to board. Students are familiarized with a comparative study of curriculum framework, syllabus & textbooks of various boards. Curriculum implementation and evaluation under different boards are considered for preparing assessment strategies and tools. In house innovative lessons expose them to national and international perspectives. Students engage in techniques that can connect approaches to promote diversity.

Assessment Systems: The methodology paper, 'assessment for learning' and 'assessment of learning', scholastic achievement record caters to the various forms of assessment of different boards. Credit based evaluation, open-book examination, design of rubrics for CCE model are modeled focusing on diverse boards, thus aligning with the norms & standards of National & local standards. PG students develop and implement programs that deal with diversity and inclusivity. Non-formal education, philosophies of radical thinkers, alternative system of education such as De-schooling are familiarized to assess the possibilities of open school system.

Norms and Standards:

The differences in choice based credit assessment are analysed from international context. Students are familiarized with the global norms and standards for teaching and evaluation. A shift from the Western perception of taxonomy of human behavior is perceived and the functional differences in Indian classrooms are oriented. Academic standards for teaching – learning – evaluation are articulated and revised as per the suitability of local context. Changes in teaching methods, rubrics, blueprint, question banks, scholastic achievement test are all familiarized as per the functional differences.

State-wise Variations:

The student teachers are exposed to different pedagogical practices of boards in schools during the

internship, trained to formulate subject specific academic standards and learning outcomes. Proficient in adopting the revised Blooms taxonomy and familiar with learning indicators as given by NCERT/ SCERT in designing classroom assessment techniques and international perspective such as National Science Standards and UNESCO Science Education “Current Challenges in Basic Science Education” are also considered

An International and Comparative Perspective: Country-wise and State-wise variations are familiarized in the diversities of school system and assessment patterns. Western Vs. Eastern thinkers, their ideologies and approaches are included in the syllabus of philosophy and psychology to acquaint the student teachers to understand the foundations, functions and forms of different boards and function of international school system with indigenous practices. A cyclic approach is adopted to place student teachers in schools of different boards in different semesters. Provision for in-house transaction of curriculum deliberately permeates to the local background realities to study type of schools, learning styles, and the diversified requirements of the State. Some of the issues emerged from dissertations, case studies and action research are familiarised with students.

1.3.3 Students derive professionally relevant understandings and consolidate these into professional acumen from the wide range of curricular experiences provided during Teacher Education Programme

Response:

education pre-service teachers. Morning assembly focuses on the spiritual realm, the divine guidance required for imbibing spiritual quotient.

All courses are branched out having theoretical as well as practical aspects integrated to skill based learning. The core subjects and the pedagogy subjects are delivered with a cross subject knowledge to bring linkage. The EPCs which is part of the UG course are designed to support cross-methodology and cross-core papers interconnectedness for improving professional competencies in applying the subject knowledge in real life situations. A methodology lesson is translated into a drama concept. Certificate courses are offered to students to understand its content and functionality which are intertwined during internship as well as teaching. Eg. Certificate courses in soft skills & conversational English, basic skills incounseling reflects in their capacity building

The interconnectedness is apparent in ‘Language Across the Curriculum’, the concept of developing language skills by providing multiple environments to extend student knowledge of the second and third

languages beyond the mother tongue. The language skills acquired are applied to course materials, research and projects. The inclusion of relevant source materials prepares students for cross-cultural and multilingual demands of a global society. Students develop lessons plans covering a concept that is introduced in the language class to subject class and then practiced and applied in the co-scholastic domains. Inclusive and gender neutral activities are developed for proficiency in handling social issues. Selection of methodologies and exposure to various boards such as CBSE, ICSE& SSC are helpful in students' placement for their profession. At the PG & UG level, electives are offered for self-development and professionalism. Entrepreneurship training emphasizing on establishing their own educational set up.

A few participating activities to mention are: - Writing articles for the college magazine. - Formal letter writing. - Maintaining a self-reflective diary - Designing innovative lesson plans - Visiting self-help groups for empowering women. - Report writing on values promoted through textbooks. - E-content development - Preparation of Multiple Choice Questions (MCQs)

2.2 Honoring Student Diversity

2.2.1 Assessment process is in place at entry level to identify different learning needs of students and their level of readiness to undergo professional education programme and also the academic support provided to students..

Response:

Assessment of the level of learning of an admitted student is an integral part of the post-admission process. These admissions are based on an independent assessment conducted by the college to understand CETC's quality and level of broad spectrum education. After all admissions are given 1000 marks in CET, students are divided according to their merit and institutes admit students according to their merit.

2.3.5 Continual mentoring is provided by teachers for developing professional attributes in students

Response:

Working in a Union:

To cope with the academic and professional challenges, UG and PG students are grouped with 13-15 students under the supervision of mentors. They are encouraged and guided to participate in academic and co-scholastic programs.

project:

Continuous guidance is given by the mentors to successfully complete the project, to work in organizations of their choice and to develop awareness about social problems. During the showcasing session, the projects are evaluated by the jury according to the rubrics and encouraged to reflect on the learning experience gained.

Enterprise:

Activities are supervised by respective mentors and in-charge lectures along with academic experience expressed in their portfolio projects for professional growth.

2.3.7 Teaching learning process nurtures creativity, innovativeness, intellectual and thinking skills, empathy, life skills etc. among students..

Response:

Innovative teaching practice is an important aspect of the teaching programme. Student teachers have been practicing various innovative models and approaches for teaching process at elementary, primary and secondary levels for many years. In language pedagogy, students create lesson plans based on the concept editing model (CAM), value-based, digital, collaborative learning and poetry appreciation. In subject method pedagogy, students prepare lesson plans based on CAM, ICT based lessons/e-content modules, value based lessons, lesson planning.

2.4.11 Institution adopts effective monitoring mechanisms during internship programme.

Response:

1.Preparatory Phase and Teaching Phase:

During admissions, the principal meets the enrolled students personally to observe their attitudes and dedication towards the teaching profession. A pathway is laid during the induction program to induce the teacher behavioral components. Everyday assembly is a platform for reading and reflecting on teachers' role and responsibilities to instill the fundamentals of this career towards the society. These initiatives are a deliberate effort to align them into this profession.

Teacher Educators Role: They assist student teachers in planning period plans and assessment tools and the content developed. Demonstration lessons are modeled by the teacher educators.

B.Ed. internship programs in B.Ed. Colleges and special schools integrate hands-on experience with theoretical bases preparing students for a smooth transition to the professional front. The teacher educators identifies special schools, orient them to apply theoretical, pedagogical & practical knowledge during the internship. They also monitor interns' progress, provide feedback, assist students in finding required assistive technology resources. The teacher educators serve as a liaison with the special school personnel.

Role of Peers: Peers with the same lessons sit together to conceptualize ideas contextually and sustain one another during the course.

2.5.4 Teachers put-forth efforts to keep themselves updated professionally through

- **In house discussions on current developments and issues in education**
- **Sharing information with colleagues and with other institutions on policies and regulations**

Response:

The major initiatives for ensuring personal and professional development of the teaching staff of the institution are as follows:

During every staff meet, there is a practice of reading and reflecting on any emerging area of teacher education and how knowledge would lead to develop learning and teaching programs that are planned for future. Pedagogues share information with colleagues, alumni and others regarding latest developments of UNESCO Global Framework of Professional Standards, General Teaching Council for Scotland (GTCS), Training and Development Agencies (TDA) for schools of UK, Australia Institute for Teaching and Leadership (AITL) on Australian Standards for teachers February 2011, NEP 2020 before re-designing the self-appraisal proforma for teacher educators at source. An in-depth study of the mobility of teaching as a profession, specialized areas are identified and NEP 2020, thrust areas are revisited before drafting the teacher observation rubric suitable for a multidisciplinary environment. The faculty members organizes seminars, webinars, capacity building sessions for in-house members (colleagues) in area of interest, expertise leading towards professional engagement. IQAC put forth challenges in emerging new domains of knowledge like Artificial Intelligence (AI), psycho-social learning, design thinking, Intellectual Property Right (IPR) are studied for personal growth of faculty & institution. Faculty members are involved in esteemed position for consultancy and advisory services in prestigious schools, colleges and NGO's. There is a scope of mutual intellectual growth. Minor research projects completed and ongoing from ICSSR, lead process is to evaluate the diversified issues in the field of teacher education. Professional growth of faculty also expands through add on courses on MOOC portal. Faculty with their expertise are capable of selecting journals, books for references and upload ebooks using their experience of research and teaching exposure. All faculty are encouraged to attend orientation and refresher courses conducted by Academic Staff College and other recognized UGC programmes which are mandatory for their career advancement. Faculty, when sent to attend or participate in short-term courses, orientation programmes or workshops are required to brief the staff on areas of topics or concern with regard to teacher education programmes.

2.6 Evaluation Process

2.6.1 Continuous Internal Evaluation(CIE) of student learning is in place in the institution

Response:

Assessment of teaching of student teachers is viewed from two perspectives 1) knowledge assimilation 2) acquisition of skills. The students are assigned topics from school curriculum to teach for 10 minutes. In this process their level of teaching competencies are assessed primarily and later pedagogical training is tuned accordingly, which helps the teacher educator in designing the methods of teaching.

Teacher-Learning Efficiency: Assignments allotted are focused on deriving critical thinking, problem solving and self-reflection. Project based learning activities search for efficacy in team work, compilation, presentation skills, analyzing and showcasing. During the peer-teaching sessions, the triangulation approach is applied for assessment. Designing and practicing CAM, 5E, value based, aesthetic models of teaching are assessed using specific rubrics. Application of internal assessment methods, varies from teacher to teacher, subject to subject and use conventional and innovative evaluation methods to account for diversity in students' needs and abilities.

Effectiveness of the evaluation system: Predominantly, evaluation system is diverse and uses different types of assessment tools and techniques to check the progress 1) Mentor Assessment proforma 2) practical aspects in all courses 3) Field work 4) Paper presentations 5) Conducting projects 6) Literary references 7) Preparation of subject / project materials 8) ICT based teaching. This is developed to strengthen the coscholastic domains while reflecting on the self-capacity building and competencies. The CIA – periodicals in each semester strengthens knowledge acquired and makes the SEE less stressful. Multiple sets of question papers are prepared based on the course, PG students prepare larger variety of questions who are awarded credits for quality questions.

Enhancing competencies and its evaluation. The student teachers are exposed to experiential processes in preparing questions for the question bank, assessment rubrics, MCQ's, blue print, question-wise, item analysis. SAT records helps to measure the capabilities of individuals and analyze and standardize achievement test, diagnostic test and interpret the areas of difficulty faced in planning and implementation of formative assessment.

2.6.3 Mechanism for grievance redressal related to examination is operationally effective

Response:

College's mechanism to deal with examination related grievances is transparent, time bound and efficient. The students can approach the principal, lecturers and controller to redress their examination related grievances as per the requirement of and jurisdiction of the grievance. Students who are not comfortable approaching faculty or the Principal with regard to evaluation issues, can use the suggestion box to drop in their dissatisfaction. The objective is to ensure that the views of each grievant and respondent are respected and that any party to a grievance is neither discriminated against nor victimised. An examination committee operates and written grievances received are discussed in the committee meeting and resolved on a case-by-case basis.

Exam Revaluation: If any student feels that marks given are not just, she can apply for revaluation, by following the stipulated norms. The controller appoints examiners other than the previous assessor and if a change is found it is rectified.

Re-schedule of Examination/Internals: Many PG students of 2017-19 batch working in responsible positions, were unable to appear for the internals on the scheduled dates, therefore a re-scheduled time

table was prepared for smooth functioning of exams as well as to see that all students could appear for the same.

Default: Students found with shortage of attendance too can avail the College's grievance process. Genuine cases are considered, addressed and resolved. Shortage of attendance is compensated with library hours and submission of medical certificate. Students with attendance of 52-65% are permitted to appear for the semester-end exam on producing a medical certificate and a condonation fee.

2.6.4 The Institution adheres to academic calendar for the conduct of Internal Evaluation

Response:

Before the commencement of the academic year, the Institution prepares an 'academic calendar' containing the relevant information regarding the teaching learning schedule, various events to be organised, dates of internals, semester end examination, inter semester break etc. As attendance is mandatory, the internship program & practicals are followed as scheduled. The academic calendar follows the NCTE norms of hundred working days per semester followed by examination & ISB. The orientation & field work, practicals and showcasing of projects are earmarked meticulously. The Examination Committee monitors the overall internal assessment process and moderates if needed. The controller of examination ensures transparency and accountability of the conduct of internal evaluation. Further,

2.7 Student Performance and Learning Outcomes

2.7.1 The teaching learning process of the institution are aligned with the stated PLOs and CLOs.

Response:

The college's curriculum was drafted based on the learning outcomes in line with the vision and mission of the college. Since the ongoing NAAC period has to be in compliance with the current NAAC guidelines, the college is in the process of converting the PO/CO system as evidenced by the documentation uploaded. Being in the inception stage, the system will be explored and expanded with existing processes to be revisited and redefined.

The teaching learning process of the institution is student centric with experiential, participatory learning, problem solving, and other emerging pedagogical approaches. The essence of teaching lies in the art of convincing the learner through an interactive process. The variations in the pedagogies include customizing to the diverse needs of the learner. The transaction of curriculum creates a link between learner, syllabus, content, skills with required support system. Expected behavioral changes defined in the course outcomes are mapped to program outcome to identify the differential improvement and final attainments that are sustainable. Conceptions and perceptions about students' learning form the basis of transforming teaching to innovative learning through varied strategies. The pedagogies are aligned to the course outcomes, formulated based on knowledge, skill and attitude to be developed, mapped to program outcome. Teaching process in the cognitive dimension includes pedagogical interactions such as reflection on readings, discourses, discussions, inquiry, participatory, collaborative and other approaches supported with ICT, strengthening the attainment in disciplinary knowledge.

The practical activities in alignment with PLO include assignment, seminar presentation, observations, journal study, lesson research etc. which facilitates critical, reflective thinking and communication. The project based learning enables interaction with real-world experiences enhances problem solving skills, sense of inquiry, team work, ethical awareness and reasoning to strengthen pedagogical components.

B.Ed. students take up action research in pedagogical subjects and conclude with probable solutions in local context. Research work focuses global standard, development of research skills with topics in emerging issues in education which is explored through planned engagements in documentation of dissertation and defending it.

Teaching practice sessions conducted in-house as peer teaching, innovative teaching and internship programme prepares to master pedagogical skills to attain course outcome through planning, communicating and presenting at primary, elementary and secondary level of teaching.

Guest lectures expand the scope of disciplinary knowledge and understand their applications, to create a bridge between special schools and others, developing a sense of equity and inclusivity to nurture teachers ethically committed towards human values with a sense of respect for diversity.

2.7.3 The progressive performance of students and attainment of professional and personal attributes in line with the PLOs and CLOs is monitored and used for further improvements

Response:

Concept attainment builds up the nurturing effect among the student teachers. Learning tasks through the course for UG and PG are designed to construct conscious thinking and to attain the meaning of the concepts while thinking about the thinking process which would develop the skills of ability to control the levels of thinking and lead it towards metacognition. The attainment of metacognition is the complex process emphasized in core papers eg: know your potentials through exercises on emotional strength and consciously monitoring them while they progress in explicitly displaying their worthiness in reaching their optimal capacity in both professional and personal attributes. Specific rubrics are prepared to pinpoint the observation toward professional standards expected from them. Personal attainment like self-awareness, self-worth, Good listening skills, articulation, classroom dynamics, joyful learning strategies, creation of a caring environment, developing empathetic feelings, and all higher order thinking activities practiced during internships are evidences of learning outcomes of professional and personal attributes. Exposure to special school visits and door-to-door survey for developing a positive community life for children with special needs.

The choice based credit-system is a universal assessment system which was implemented in 2015, makes our student teachers attain the idea of ??assigning credits and transfers hours into merit card.

2.7.5 Performance of students on various assessment tasks reflects how far their initially identified learning needs are catered to.

Response:

An initial effort is taken to assess the developmental stages of pre-service teachers and judiciously plan the sessions that are tailor made for the specific needs of the batch enrolled.

Functioning of an autonomous institution is explained to assess the student teachers commitment towards self and society while they interact during ice breaking sessions. This performance would give insights into their attitudinal dispositions, which are attended to and formed during the formative phase. Their energy levels are observed. Candidates from MNC's are made aware of professionalism.

Their inclination towards the type of schools for employment, their iterational (past habitual personal and professional experience) for CWSN, transgenders, are elicited through debate and this assessment at the initial phase helps in projective appraisal (orientation to the future).

3.3.4 Outreach activities in the community in terms of influencing and sensitizing students to social issues and contribute to community development

Response:

The college of education has strived to live its vision, mission statements of selfless service to the community and abiding to the college motto "Come for Knowledge Go for Service to the community and abiding to the college mission "To prepare competent and committed teachers who transform Society, Social Service and make the better world.

The Outreach activities can be categorized under 5 programs

1. Environment Day

The environment day celebrate the 1 activity which aware the student teacher and society

2. Swachh Bharat Abhiyan

The college makes sure that students get exposed to socially relevant issues of the under privileged to address the issue and serve the needy encouraging them in humanitarian activities to build the India and make global stage

3. Tree Plantation

Tree plantation activity expose the student teacher aware social atmosphere in village and college level

4. waste management

The Institute has a policy whose underlying social is sustainable waste management by increasing resource for efficiency. Social relationship between society, environment & economy. The college campus action plan of included an essential role in sustainable development by not only preparing student teachers for professional success mission. But also by harbingering in them a civic duty as Indian citizens of the society. Policy provided potential for community engagement & Self- development through teaching, research and student development outreach programs. In our college campus it is experimental lab, Psychological lab which can be sustainable culture. The course curriculum includes cores paper related to environmental studies at B. Ed course only. Awareness programmes are conducted by the students within the college campus and extension activities in the community through campaigns. Reduce, Recycle & Reuse the best policy in future life.

The waste management team consist of:-

- 1.principal
- 2.Faculty Member
- 3.Facilities Technical staff member
- 4.student from class

5. Cleaning the Village

It is incumbent on higher educational institutions, in specific teacher education to lead the good way in promoting sustainable living. The major challenges in accomplishing goals are compounded in waste management. There for college efforts in managing its waste is guided by the solid waste management rules and regulation released by the Ministry of Environment & Forests Climate change. There for the reducing the amount of waste, as well as providing for its safe disposal nature & good health.

4.2 Library as a Learning Resource

4.2.1 Institution has adopted automation of library using Integrated Library Management System (ILMS) or any other software

Response:

Library Automation:

The total area of the library is 40*25=1000 sq. ft. with the seating capacity of 50. The working hours of the library are 10.00 AM to 05.00 PM on all working days, before and during examination, during vacation except Sundays and gazette holidays.

Library is fully automated and installed Master Soft ERP Library Software for smooth working of library that includes accessioning, issue return, OPAC, data generation, stock verification. OPAC (Online Public Access Catalogue) facility is made available through Library Management Software to search the bibliographical details about the collections. OPAC computerized system is provided to the students, which facilitates them to have a glance at the number of books available, number of issued books, new books added to the list which helps them to issue the correct book when required. In addition, reprographic facilities like scanning, printing and photocopying are available in the library. The reading room is well furnished and provides conducive environment for study to the students. Before availing the library facilities, the faculty and students needs to sign in the register at the entrance. Security of resources is ensured through a system of checking at the exit point for all resources borrowed by the users. CCTV cameras are also fixed in the library for strict surveillance.

5.3 Student Participation and Activities

5.3.1 Student council is active and plays a proactive role in the institutional functioning

Response:

5.3.1 Student council is active and plays a proactive role in the institutional functioning

Response:

The college of education has a well constituted student council that meets formally and informally. Student council is the voice of the student body. The purpose of the student council is to give students an opportunity to develop leadership by organizing and carrying out responsible activities. The members of the Student Quality Council (SQC) are selected with a democratic approach by giving equal opportunities to B.Ed. It includes college representative, Office bearers from subject methodologies such as Self Study Report of ST College of education Abhona, Mathematics, Physical Sciences, Biological Sciences, Social Sciences, English and Telugu. The members assists their peers in sharing their thoughts, interests, and all the concerns during the course which in turn develops leadership qualities, organizational behavior, event planning and make them more responsible and proactive in reorganizing and managing both academic and co-circular activities in the college such as, SQC requests for spacing dates for different projects, seminars, submission of assignments and also to issue question papers in exam hall 10 minutes before exam commences and so on.

The Chairperson (Principal) calls for regular meetings with student council to discuss about various academic programs and other activities of the college thus decentralizing the power of decision making to them following discipline, decorum and protocol. The representatives in the SQC voice their problems and suggestions of all students during their meet with the principal to resolve any conflicts.

The function of the student council is based upon Institutional guidelines. Student councils participate, organize and manage various academic and co-curricular activities in the college. Student council discusses all curricular related issues and concerns; they are considered for rescheduling the dates of assignments, seminars etc. Feedback from SQC is valued for a better functioning.

Members of the Student Council serve as a bridge between the students and the administration. Not only do they ensure that the grievances of student population reaches the authorities, but also act as the students' representatives in the process of making important decisions.

The Students' Council also assists clubs/ members as well as in-charge faculty in conducting and organizing various co-curricular and extra-curricular activities or events such as dance, Music, General Knowledge, Essay writing, Debate, Drawing/ Painting Bulletin Board etc. In addition to organizing events that contribute to the institution's spirit and community welfare it takes an initiative to arrange various events of college such as picnics, field trips, organizes national and international days of significance and through these they develop responsibility and leadership. They take initiatives to organize events, exhibitions, seminars, webinars, conferences, canteens and club activities

A democratic environment in the campus enables the SQC members to take interest in arranging the support system for lesson planning phases. Student's representatives are a part of the various committees and clubs. titled as named in college are Sankhya, Anweshan, Udaan, Bahalav, Techniq, Sanskrithik, Manas, Aadhyatmik. All the activities are taken up with the help of leadership roles of SQC members. The club head representatives collaborate with SQC's for all events. The members document the club reports and annual report to compile as college magazine.

Criterion 6 - Governance, Leadership and Management

6.1 Institutional Vision and Leadership

6.1.1 The governance of the institution is reflective of an effective leadership and participatory mechanism in tune with the vision and mission

Response:

Vision

Come for Knowledge, Go for Service

missions

To prepare competent and committed teachers who transform Society, Social Service and make the better world.

The aim of the institution is to provide quality education in pedagogical practices to achieve the charism “Pedagogy of the Heart”, the Founder’s Philosophy which is the foundation for formulating both curricular and co-curricular programmes. The elements of this maxim of teaching is seen reflecting in the core papers, methodologies and through co-curricular activities. Ideals derived from Philosophers, Educationists and Psychologists are incorporated to evolve the socio-emotional approach for enhancing pedagogical practices. Students positive attitudes are internalised towards social issues, environmental concerns, emerging global and local challenges. Deriving at students emotional stability is the prime vision of this institution which transforms the student teachers as a holistic person. Code of professional ethics is an integral aspect of the institution which commences from entry to the summative level of the programme. The environment is wired through explicitly demonstrated model for imbibing these ethical principles. Being a missionary college, the spiritual quotient is developed through inter-faith meetings, spiritual retreats, reflective readings on spiritual quotes in regular assembly, celebrations of all festivals to understand the core-value of spiritualism.

6.2 Strategy Development and Deployment

6.2.1 The institutional Strategic plan is effectively deployed

Response:

The institutional plan is effectively deployed

The CDC through deliberations with the stake holders made a perspective plan for the development of academic, administrative and infrastructural facilities and approval was taken from management.

One of the examples of activity successfully implemented based on perspective on plan is as follows.

Increase in the number of computers

Book rack for library

cctv cameras

electrical installation

Furniture and fixtures

Library books

Sports equipment's

thumb machine

TV unit

xerox machine

Lab setup

Increase in the furniture

speakers

white boards

LCD projectors

laptops

The institution's strategic plan is developed i.e. open to change and responsive while still maintaining alignment with the vision and mission of the College. In this regard, the Principal is the pillar of strength in leading the way forward and giving credibility to agreed plans. She instills confidence in all constituent groups providing clear directions, following through with the plans to ensure the agreed objectives if the strategic plans were met. On a regular basis, the principal involves on a one-to-one basis in:

**Planning and Execution Operation and Management Communication of changed plans
Institutional Profiling Environmental Scanning Deciding on Key Performance Indicators

6.3 Faculty Empowerment Strategies

6.3.1 Effective implementation of welfare measures for teaching and non-teaching staff is in place

Response:

Measures adopted for the welfare of the staff and faculty are as mention below:

Gives academic freedom for staff members, funding faculty development programs, deputed on duty for attending Seminars/ Workshops, permission for higher studies. Annual increment for unaided staff and other provision as per the individual need. Congenial atmosphere in the staffroom. Prayer room for peace and tranquility. Recreational programmes organized by the management for the well-being of the staff. Spiritual nourishment is provided through assembly, celebrations prayer meetings and so forth. Appreciation measures are get-togethers, exchange of jubilee celebrations of the staff. Aided staff are given leave facilities as per the UGC and state level rules. Library resources, journals, online journals other materials required from outside the college are all made available for the staff to enrich their content. Faculty is informed about their CAS and the provision to secure them whenever they are eligible. The institution conducts seminars for improving the competencies of the teacher educators. The institution invites experts from different fields to conduct workshops, guest lectures, seminars, symposiums and conferences. Extension lectures on research methodology and inhouse elaborate study on NEP 2020 and attending the same conducted by NAAC, UGC. Staff members are encouraged to participate and present and publish papers in the seminars which are organized in other colleges and universities for professional mobility. Travelling allowance, duty leave for attending seminars, workshops, etc. are sanctioned by the college. The college has well-furnished staffrooms, drinking water facility in the staffroom and air coolers. Staff are provided with separate cupboards and washrooms. The staff are allowed and assigned to attend honorary paid duties like judging competitions, external examiners, resource persons, educational consultants and trainers. Provision of medical and maternity leave is in place. Staff is granted sabbatical leave to pursue higher education or research work. Advisory committee comprising of senior members give constructive suggestions and recommendations to principal for the smooth conduct of activities of the college. Teachers' day is celebrated to boost the professional morale of teachers. Superannuation of staff is celebrated with a sense of gratitude. Picnics and tours are arranged for staff recreation. Cordial and employer friendly environment is created to give job satisfaction to the employees. Recreation activities are planned in coordination with the staff members like sports activities, yoga sessions, music, movie get togethers and luncheous. Being a Catholic minority institution, the management invites staff to participate in the love feast during Christmas season. On the Congregation's feast day which falls annually on July 26th, the management invites the staff to enjoy in sharing joy over an elaborately arranged buffet.

6.3.5 The institution has a performance appraisal system for teaching and non-teaching staff

Response:

The College has a systematic general process to assess both its teaching and non-teaching staff's job performance and productivity in accordance with the College's program educational objectives. In addition to the actual performance, other aspects such as citizenship behaviour, potential for future improvement, strengths and weakness are also factored into the appraisal. The objective is not only to evaluate the performance as per established norms, but to identify potential aspects for improvement that can eventually lead to further progress and growth.

In this respect, the College strictly adheres to the UGC Regulations on minimum qualifications for the appointment of the teaching faculty, who in due course staff may upgrade their qualifications.

6.4 Financial Management and Resource Mobilization

6.4.1 Institution conducts internal or/and external financial audit regularly

Response:

The college prepares budget in the month of December for the next financial year and submits to the Society based on the present nine months actual expenses keeping in mind the following three months assumed expenditure. After assessing the available resources, plan for the next financial year in the month of April after presenting and approved by the Finance Committee and Governing Body of the College respectively. Considering the actual value from R&P statement, the final budget is prepared and sent for approval to the Governing Body of the Society.

The College practices a transparent financial management policy through internal and external audits, wherein the role of the internal and external auditors is clearly defined. The internal auditors examine issues related to the College's practices and risks, while the external auditors examine the financial

records and raise opinions regarding the financial health of the College. Internal audits are conducted annually and external audits are conducted twice in a year.

6.4.3 Institutional strategies for mobilization of funds and the optimal utilization of resources are in place.

Response:

The College offers B.Ed programmes. While the B.Ed course is run with funds from student tuition fee, UGC and autonomy grants. In addition to this, the College has aided faculty, salaries are paid by the State Government.

Carrying out a financial resource mobilization strategy includes but is not limited to the following: Identifying potential sources of funds; Actively soliciting pledges; Following up on pledges to obtain funds; Depositing these funds, and recording the transactions along with restrictions on their use. based on the above modalities funds allocated are 55% for salaries, 15% towards development of the college, 15% towards maintenance, 10% Staff Retirement Fund and 5% Management.

The strategy makes a vital link between external funding, challenges and the continued internal improvements necessary to achieve the objectives.

6.5 Internal Quality Assurance System

6.5.1 Internal Quality Assurance Cell (IQAC) or any other mechanism has contributed significantly for institutionalizing the quality assurance strategies

Response:

Composition of IQAC:

Correspondent of the institution Chairperson – Head of the institution (Principal) A few senior administrative officers Three to eight faculty members One or two local members One of the faculty as coordinator

The college has a rich culture of institutional functioning through participation among all stakeholders especially faculty, students and the non-teaching staff. The IQAC plays an important role in ensuring quality of the functioning of administrative and academic units of the college. In order to make the students aware of the current and futuristic challenges and opportunities, the teaching faculty is encouraged and motivated to develop a scientific temper so as to propagate a research culture amongst the students. This is achieved by constantly sharing new research findings in their respective fields with the students.

The three practices institutionalized by IQAC are:

- 1.Promotion of Research
- 2.Streamlining of Administration
- 3.Sustaining quality in academics and administration

6.5.2 The institution reviews its teaching-learning process periodically through IQAC or any other mechanism

Response:

It has been one of the concerns of IQAC to adopt practices, which will provide quality education to the students through an effective and meaningful teaching-learning process. This plays an instrumental role in enhancing the quality of the academic and co-curricular endeavors of the College in keeping with its vision and mission.

IQAC achieves this through practices, viz.,

1. Conducting self checks annually department wise SWOT Analysis is undertaken. Based on it, the IQAC gives constructive feedback to the departments suggesting measures for internal quality enhancement. It makes recommendations for the departments to do self-evaluation and to set higher goals to meet new challenges.
2. Collecting feedback from stakeholders like students, parents, staff and alumni to facilitate teaching-learning reforms. This helps in obtaining an unbiased and honest opinion about the institutional performance especially in academics. Student feedback of faculty is conducted semester wise. An analysis of the feedback is done and communicated to the faculty to enable them to enhance their teaching skills and their relationship with the students.

6.5.5 Institutions keeps track of the incremental improvements achieved in academic and administrative domains of its functioning through quality assurance initiatives

Response:

We are conducting NAAC committie in first time attempt in year 2023.

This records of each student is maintained through the institutions automated MIS system. The data is analysed to measure their semester wise improvements. This process is carried out religiously so that faculty are informed to reflect changes that are needed in the curriculum, teaching approach, individual remedial modules, and mentoring program.

Based on the feedback from the students showing maximum quantum of learning during the practice of innovative lessons, the academic planning assigned two weeks of teaching for the same. The succeeding year designing lesson plans for inclusive classroom was emphasized. The students were exposed to ten different types of planning and five of which were selected and presented. The revised curriculum include innovative lessons in both semester three and four, thus giving scope for the student teachers to practice from a variety of plans such as STEM/ STEAM based teaching, team teaching, reciprocal teaching and differentiated learning. As the innovative lessons were conducted online, the students effectively integrated technology to present the different models of teaching, such as online activities, use of digital white board, videos, and pre-recorded videos of activities, which gave a new dimension to the teaching learning process. Rubrics were formulated for triangular evaluation process in accordance with approaches by respective faculties.

7.2 Best Practices

7.2.1 Describe at least two institutional best practices (as per NAAC format given on its website)

Response:

1. Best Practices

1. Describe at least two institutional best practices (As per NAAC format given on its website)

Response: Best practice in internal and external in college campus and tribal area

Best Practice I

Aware the Pedagogical Skills

1. **Title of the Practice:** Student Teacher Social awareness

2. **Objectives to:**

1. Student teacher with knowledge and desire to understand
2. Prioritize ways to create inclusive environment
3. Student teacher social awareness in present situation
4. Student teacher confront the challenges of the 21st century
5. Develop students with voice and leadership

1. **The context:**

Present situation pedagogical skills aims to create its processes that enable students to organize independently, experimentally the methodological processes. It include the capacity to plan, initiate, lead and develop both general and subject specific knowledge.

1. The practice:

This programmes provide inflection point for developing pedagogical skills as follow:

The Entry level: Professional network and are briefed on the provisions and services available in various field.

Admission Process: Student profiling is used for their SWOT analysis in future

Content Test:

Administered Methodology wise to measure the levels of conceptual understanding.

Mentorship: B. Ed Student Teacher are assigned to mentors

Internship: At different levels of schooling affiliated to different skill education

B.Ed: The prior to internships students are oriented for simulated classroom teaching and receive hands on training in preparing, low cost improvised teaching aids.

Library Hours: Student teacher are encouraged and provisions are made in the timetable for students to inculcate reading habits.

Participation in Events: Pedagogical skills are fine-tuned through mandatory participation in college activities and various function.

Best Practice II

Title: Annual Activity for Skill Development

Objective to:

1. To develop Internal skill
2. To build confidence in college life
3. To create new innovative idea
4. Encourage their value

Context: Adaptive to the changing skills and value, norms in college

Activity and Benefits:

Student teacher values, norms and confidence will help future life. There are continuous updating

of skills.

- 1.Promote the life skill
- 2.Learn the teacher education area
- 3.Developed the internal and external activity

7.3 Institutional Distinctiveness

7.3.1 Performance of the institution in one area of distinctiveness related to its vision, priority and thrust

Response:

1. Institutional Distinctiveness

7.3.1 Performance of the institution in one area of distinctiveness related to its vision, priority and thrust.

Response:

The college campus through environmental education, clean and supported. Preservation of natural wealth, challenging inclusiveness, tribal area networking with schools and community for Back to school Programme, Participating in active farming involving Environmental day, women's day, extra co-curriculum activity. Incorporating all these sensitive issues as value based lessons to cultivate tolerance and love among the teachers with an objective of humanistic and holistic approach to pedagogy.

In our institution virtues like respect, responsibility, love, honesty, tolerance and co-operation are strengthened to parents and teachers at every activity. Democracy in education, freedom, play and joy activity celebrate every day of the ceremony. This institution is distinctive in addressing the Good Help for Tribal area Students and focuses on problem- posing education which is multilingualism and bilingualism.

Memorandum of understanding with esteemed universities nationally and internationally is signed to create a universal consciousness of brotherhood for exchange of quality imputes we practice units of love, friendship and parenting under the theme of caring for strangers and global others and we endure to study various culture activity.

Our college campus fully tribal area and we celebrated various culture programme for build-up moral

values, norms, save the environment etc. Our institution organize government activity day which is necessary tribal area student life and culture help.

Conclusion

Additional information:

This tribal area college strives to maintain high standards not compromising on the quality. The faculty teacher endeavours to search for new venues of knowledge, to sustain its position in the field of education. The faculty builds teaching skills that could be extrapolated into their internship programme. The tribal area college student teacher progressed towards ICT resources, technology based educational experiences. The student from tribal area are approached with a bottom up strategy to facilitate equity in obstacle problem. The outgoing B. Ed students are exposed to CTET/ TET/ NET/ SET Guidance. Course wise teaching and increase subject knowledge. Philosophical, sociological and psychological aspects of education are ingrained into for conceptual clarity and comprehension for attempting these eligibility examination.

Our strengths is our faculty who cultivate the habit of identifying in the students' listening to basic problem. In 21 century our mission to student teacher know about the future opportunity which clarity the tribal area and human resources who model themselves towards the vision and mission of the college.
